Ramon,

We only installed boulders in the medians on Potrero Ave. between 19<sup>th</sup> St. and 25<sup>th</sup> St.

See attached for the Southern limit, boulders installed marked in red.

Best regards,

Hi David,

I took over this project near the end. Perhaps Cristina or Tent might have the answer to your question.

Thanks,  
Ramon

Tony, Jennifer - Those boulders are not part of the upcoming Hairball project. I believe they were installed by our Operations or perhaps added to the Potrero project as they look like the same boulders that are in the median on Potrero.

Ramon – Were any boulders added to the Potrero project to be placed under the freeway onramps at the Hairball?

Thanks,  
David

Hi Tony,

John Thomas suggested I reach out to you:

I have a deadline media query regarding the boulders installed under overpass at Cesar Chavez and Potrero.

Can you help answer a few questions, including status (are there more coming?), cost and design?

Thanks,
